

Serving Diverse Students with Excellence in Education

Make a Difference That Lasts a Lifetime

Every charter school has a unique approach, but all share the same passion and vision. That's why we've partnered with the Charter Schools Development Center to support members with credential opportunities, degree offerings and professional development.

At Alliant you'll find the programs and academic excellence you need to serve diverse students in a variety of settings through:

- California Teacher Credentialing programs, approved by the California Commission on Teacher Credentialing
- Credentials and certifications, master's, and doctoral degrees, many of which offer specialized emphases
- On-campus, hybrid, and online programs
- Multiculturalism interwoven throughout the curriculum
